Speed camera data from the Becker Online Shop free of charge

Driving as a safe and relaxing experience - and a cost-effective one, too: Becker is offering Speed Camera Warning¹⁾ as free download from its online shop until end of April 2011. This clever buddy helps drivers identifying speed limits on time and risks in advance. The displayed warnings are visual and acoustic ones, but can be modified to suit preferences.

The Speed Camera Warning comprises speed camera data encompassing more than 22,000 fixed speed cameras in 20 European countries. Regular updates of the speed camera data ensure that the data is right up to speed. Speed camera warnings can be obtained free of charge from the Becker Online Shop until 30th of April 2011. Get the speed cam data now - simply register once in the Becker Online Shop and then order the download article²⁾ at "Maps and Extras". But once caught on a camera, Becker does not accept any liability...¹⁾

Users have to actively opt to use this feature and then activate it themselves. In the software, it is initially deactivated after downloading. Speed Camera Warning is available for Andorra, Belgium, Denmark, Germany, Finland, France, Greece, Great Britain, Ireland, Italy, the Netherlands, Norway, Austria, Poland, Portugal, Sweden, Switzerland, Slovenia, Spain and the Czech Republic.

Please visit the Becker Online Shop under www.mybecker.com website or directly via <http://shop.mobilenavigation.mybecker.com/>.

The Speed Camera Warning can be installed manually in all Becker devices with iGo software, including:

- Becker Traffic Assist Z098, Z099, Z201, Z100, Z102, Z103, Z203, Z204, Z205, Z302, Z107, Z108, Z109, Z112, Z113, Z116, Z213, Z215, Z217
- Becker Ready 43, Becker Ready 43 Traffic, Becker Active 43 Talk, Becker Active 43 Transit, Becker Professional 43 Control

Please note:

- 1) 1) In some European countries (including Germany, Austria and Switzerland) installing and using the speed camera data is prohibited and/or constitutes an offence. Before installing the Speed Camera Warning, customers must be aware of applicable legislation and any legal consequences. United Navigation GmbH accepts no liability for the legality of the installation or the usage, as well as the accuracy and completeness of the speed camera data in the software.

- 2) To successfully install the free speed camera data the following technical specifications are required:
 - A PC with a Windows operating system (MacOS is currently not supported)
 - A USB port on the PC
 - The Becker navigation device must have been in operation beforehand
 - A standard Internet browser

About the Becker trademark

Becker is a registered trademark of Harman International Industries, Incorporated. United Navigation GmbH has been licensed by Harman International to use the Becker trademark for portable navigation systems since January 2010. An established brand, Becker can look back on a successful history. Becker's name has been synonymous with unique developments for over 60 years. Thanks to its technical innovations in the areas of car hi-fi, infotainment, in-car navigation and telematics, the Becker trademark is regarded as a market leader in innovation.

About United Navigation GmbH

United Navigation GmbH develops and sells navigation hardware and software. Based in Ostfildern near Stuttgart, the company serves three business areas: portable navigation devices for private customers under the Becker and Falk trademarks, complete systems for corporate fleet management and permanent installation solutions for the automobile industry. The devices use a variety of award-winning technologies, such as "Falk Learning Navigation" and "Becker One-Shot Voice Control". Different series of the Falk navigation systems use the high-quality content of the digital travel guides from the MAIRDUMONT publishing group.
